Technical datasheet

Construction nails

Commercial and technical summary of the range supplied by JGNSTEEL Avelã.

Product

Construction and professional fixing nails.

Range

Square, round, galvanized, bright polished, special and resin-tapping nails, plus spikes.

Finishes

Natural/standard, bright polished and hot spun galvanized.

Applications

Civil construction, carpentry, roofing, packaging, resellers, pallets and industry.

Special sizes

Available upon technical and sales review.

Packaging

According to product, quantity and customer needs.

Bright polished nails

A differentiating solution for applications where finish and presentation matter.

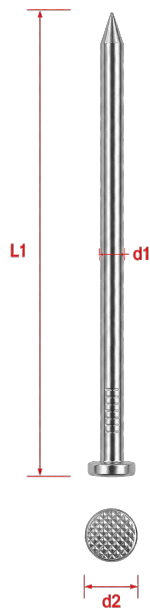

Technical table

Commercial dimensions and approximate weight per 1,000 units. Indicative values subject to technical/commercial confirmation.

Ref.	Ref.	Ø shank (mm)	Length (mm)	Ø head (mm)	Kg/1000
Prego N°2	F 2x15	1,83	25	4,6	0,64
Prego N°3	F 3x15	1,83	30	4,6	0,77
Prego Especial	F 4x15	1,83	40	4,6	0,95
Prego N°4	F 4x14	2,11	40	5,3	1,37
Prego N°5	F 5x13	2,25	45	5,9	1,99
Prego N°6	F 6x13	2,41	50	5,9	2,26
Prego N°7 Setia 12	S 12	2,77	60	6,2	3,37
Prego 1/2 Galeota 11	1/2 G 11	3,05	65	6,9	4,43
Prego Galeota 10	G 10	3,40	75	7,7	6,46
Prego 1/2 Telhar 9	1/2 T 9	3,76	90	7,6	9,24
Prego Telhar 8	T 8	4,19	100	8,4	12,61
Cavilha N°5	Cavilha 5	5,16	125	10,3	23,56
Cavilha N°6	Cavilha 6	5,59	150	11,2	33,14
Cavilha N°7	Cavilha 7	6,04	175	12,1	43,90
Cavilha N°8	Cavilha 8	6,58	200	13,2	58,97

Dimensions and contacts

Visual reference for reading the L1, d1 and d2 dimensions used in the technical table.

Dimensional reading

L1 = nail length

d1 = shank diameter

d2 = head diameter

Quote requests

For quote requests, please indicate the product, quantity, sizes, desired finish and your company's contact details.
